enabling to support the rejection? It is the same ordinary person looking at the parent application and the reference.

The denial of the benefit of the earlier filing dates is believed to be improper as the prior applications are enabling and provide an adequate written description of the present invention. Therefore, the applicant's attorney respectfully request that the rejection be reconsidered and withdrawn.

If the Examiner disagrees, or believes for any other reason that direct contact with Applicants' attorney would advance the prosecution of the case to finality, she is invited to telephone the undersigned at the number given below.

Respectfully submitted,
Byoung Se. Kwon
